Kimorven Solon

P Y T H O N P R O G R A M M E R

One aspect of programming that I find profoundly captivating is its perpetual evolution. The more I delve into emerging technologies, the more I am astonished by the vast capabilities and innovations that technology can bring to life.

Work Experience

Dec 2022-Present

Paralegal   *R.J. Pierce Law Group*

Oversees the meticulous management of trademark applications, ensuring customer information is precise and up-to-date. Guarantees that specimens of use meet USPTO standards, and accurately tailors the list of goods or services to reflect the client's offerings as presented on their website or other relevant sources.

May 2022 - Sep 2023

YouTube Manager   *Vidchops*

Crafts compelling thumbnails and optimizes YouTube descriptions using SEO best practices to enhance discoverability. Skillfully manages uploads with strategic end cards and smart scheduling.

Apr 2017 - Aug 2020

Paralegal   *Trademarkers*

Expertly navigates the landscape of U.S. trademark applications, uncovering prevailing trends and employing a strategic approach to rapidly pinpoint trademarks with confusing similarities.
